(320) 763-9340

Help us on the fight to put waste in its place!

Important note to interested youth groups:
Youth 12 and under will need adult supervision during any event volunteer shifts.

FOLLOW YOUR GREEN PATH

What is a Green Warrior?

Simply put, being a Green Warrior means fighting the war on waste! Green Warriors work with PDSWM and local, civic and faith-based groups to green their events through assisting with recycling and/or organics recycling.

GREEN WARRIOR BASICS

1) Event volunteers will receive a Green Warriors tee-shirt to wear during events, as a way to be an easily recognizable waste warrior during community events.

2) Volunteers actively engage with event participants to guide recyclables (cans/bottles/cardboard) and organics recyclables (leftover foods and acceptable compostable items) into the correct bins.

3) Volunteers monitor bins and empty bins as needed into larger lockable recycling/organics recycling dumpsters to prevent event bin overflows and maintain constant public access to sustainable waste management.

4) Each organization (that provides Green Warrior volunteers) will receive a monetary donation of \$150 for each day of an event. Organizations are encouraged to volunteer several days or as needed to cover multiple day events.

5) 2-4 volunteers needed per shift depending on the size of the event.

Each warrior receives an 'Ask Me How To Put Waste In Its Place!' tee-shirt.

Recycling bins/organics recycling bins/misc. items are supplied by Pope/Douglas and haulers.

Volunteers are offered training at the Pope/Douglas Solid Waste facility to learn more about sustainability and how it relates to waste!
